

RTC has expanded to better serve and assist you in effectively communicating via direct mail.

Mailing Services we can provide:

- 2nd facility opened for labeling and fulfillment
- Cheshire labeling (15 high-speed Cheshire labelers) which enables us to offer quick turn around time and the ultimate in efficiency and economy for mass communications
- 4 Ink jets (Direct image addressing) Direct imaging adds quality and a professional touch to your mail piece. Limited spot color capabilities - Red, Green, Blue, Yellow
- Automatic inserting (10 Philipsburg inserters and 1 Master mailer for 9 x 12 size envelopes) for times when the sophistication and security of an envelope is desired on a volume basis
- Tabbing - often a postal requirement for automated letter size mail
- Bursting and Folding
- Metering and stamp affixing
- Handwork - Any non-machineable aspect of mail preparation. For example, hand labeling, collating, hand inserting, or special assembly projects.
- Fulfillment -Warehousing and order processing for printed material or small product lines
